## OCP SPOTLIGHT

# Sherry Quaid

Helpful, dedicated, happy, sweet, warm... are just a few words to describe her. Sherry is like the mother of the company. Although she does a lot of things, it's the little consistent things that make our life a little better. She takes great care of us!

Sherry Martin grew up in Maud, Texas back in the 70's when milk was still being delivered to the house, TV only had 10 channels, and kids could safely roam the town on their bikes. I'm sure that being the daughter of the Chief of Police kept her safe too!

Sherry, who later became a Quaid, enjoyed high school the best. Her only job was to make good grades, respect her elders, do her chores, and treat others as she wanted to be treated. She still lives this way today but now with bills.

After high school, her job took her to Mount Pleasant, Texas to North Texas Community College, where she enrolled in a couple classes. Shortly after, she got married and her primary focus became her home and her babies.

Ms. Sherry has a daughter Jennifer, and son Tony, as well as, a bonus daughter, his sweet wife Katie. She also has 4 grandchildren, Trey (16), who excels in theater, Ally (14), the only granddaughter and trumpeter, who has self-proclaimed to be the favorite granddaughter, Payton (12), whom loves to sing and has a heart of gold, and Preston (6) who plays the piano. Although Sherry won't comment on Ally's statement, she does respond with, "Well, she is the only girl!" She is truly very proud of her family, she adds "I don't know why God loves and has blessed me so! But He did and He does! He Loves Us All!"

In earlier years, Sherry spent her days cheerleading for her high school. Today, you might find her on a cruise ship (she's been on 5 in the last few years), or possibly hitting a few garage sales on Saturday mornings. She claims that she garage sales for the exercise, but laughs as she says, "another man's trash is another man's treasure, so they say!"

Sherry also loves music. It has always been a very important part of her life. Music can mean so many

different things to us, it can make you think of the past or inspire you to think of the future. Ms. Sherry adds, "To me, music makes my heart smile," which is a good reason why she is a avid watcher of "The Voice."

Sherry moved to Texarkana in 2010. At the time, her cousin was working for the company and encouraged her to apply. Soon, she interviewed with Mike, was employed, and has been working here for eight years now. She started when Ocean Canyon only had 5 resorts and has watched it grow ever since! Her favorite part of her position is helping people. And, that certainly resonates with all of us here. She is truly the glue that holds us all together and we are proud to be part of her OCP Family!

*"She's the OCP Mom, the glue that holds us all together." ~Kayla Renfro.*

*"She's like the mother. Although she does a lot of things, it's the consistent things that make my life better. For example, she makes the coffee every morning just because she knows that I need it. She makes sure the fridge and office supplies are always stocked. Although these are just minor to what she does, these little things are encouraging and a huge help to me." ~Brian Sparks.*

*"She does everything that is asked of her," ~Del Boyd.*

*"She handles all the behind the scenes duties that keeps the company running. She's the meet & greet, the first contact for most people that visit us here. It's the little things like decorating our offices on our birthday and passing cards around so that no one's birthday goes unrecognized." ~Charla Campbell.*

# ABITA SPRINGS RV RESORT

Today is a great day to be at Abita Springs. Members gather in the clubhouse to make crafts, share foods, and tell the stories of yesterday's adventure. Activity directors, Clint and Jackie, have done an unbelievable job with the events and activities taking place at the park. Clint has started a couple of very popular events throughout the month. Join us for canvas painting and Cajun line dance lessons the next time you are here!

The last 6 months have been quite busy for us here at Abita Springs. This year started off with a fresh coat of paint and a new ceiling in the clubhouse. Next time you're here stroll around and take a look at our pictures and new decor in the clubhouse.

We've had a lot of fun painting, making aprons, and having a great Mother-Daughter Tea Party. And everyone has enjoyed the Bingo.

In June, bring your dad with you for our Father's Day activities. Come back in July for our Luau and our Fourth of July Independence Celebration. In the next few months we will be putting a few more picnic tables throughout the resort and a few other renovations. Come on out and see us!

Branson Missouri is the best family entertainment city in the US. Branson Ridge is outside of the Branson busy traffic, and yet just a mile away from Silver Dollar City. Right now is the best time to come in to see a show, play Bingo with us, or join us for many of our activities.

Fun is always better with food. If you haven't been to Branson in a while, you probably missed our Cinco-de-Mayo Taco Bar. April's Muffins with Mom was a huge hit along with our weenie roast and Dutch Oven classes.

Guests have been enjoying the internet upgrades. Not only did we update the Wi-Fi signal across the park but our internet speed is actually 10 times faster than last year. We also did a lot of work to the indoor swimming pool so come and try out all three of our pools.

In the next few months, come check out our Father's Day celebrations, or come sing around our resort wide campfire. Not only will we be having our Fourth of July celebrations, but Branson will be having a spectacular firework celebration you will want to bring your family to.

# HIDEAWAY PONDS RV RESORT

Since the acquisition of Hideaway Ponds last year, we have been busy building, moving, planting, painting, and renovating. We have built a new sales office, reconstructed the welcome center, renovated all the cabins and added desks, removed some older buildings, and added 4 new cottages.

Last month we had our first ever Ladies Day Out Canvas Painting. We found out that we have several talented artists amongst us and that these men can watch the kids for a few hours without us. We're making our mark at other resorts by our painted rocks individually created here at Hideaway Ponds.

Come pass a good time with us in the next few months and get to meet the staff. Take a dip in our large outdoor pool or enjoy the indoor pool if you want to stay out of that sun. We will be having tons of kid's activities and crafts, amazing Cajun potlucks, and a great Father's Day weekend.
